Subject: Microsoft Settlement

To Whom It May Concern:

I am vehemently opposed to the current proposed Microsoft settlement. I believe it is nothing more than a slap on the wrists, and that it does nothing to curb or even dissuade Microsoft from future abuses of its monopoly powers. Microsoft has already repositioned itself so that if the current proposal is left unaltered, they will have already slipped themselves through its monstrous loopholes!

Anything short of a breakup of the type ATT experienced will not bring sufficient competition back to the market. As long as Microsoft has the dominant share of the market, they will continue their illegal abuse of monopolistic power.

Thank you for listening.

Sincerely,
Timothy W. Lewis
